

SALMA AWAD

salmaawad761@gmail.com | Tripoli, Lebanon | [linkedin.com/in/salma-awad2](https://www.linkedin.com/in/salma-awad2)

PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in front-end web development, UI/UX design, and cloud computing (AWS). Developed and delivered a production documentation website, designed adaptive UX systems for enterprise platforms, and completed an AWS cloud training program. Combines technical proficiency in Python, Java, JavaScript, and SQL with strong communication skills and a passion for teaching programming concepts. Seeking a Coding Teacher role to help students build logical thinking and problem-solving skills.

PROFESSIONAL EXPERIENCE

Web Developer — Telepaty

March 2026 – Present

- Built and launched the company's documentation website from scratch, centralizing technical resources and reducing internal search time for team members.
- Developed and maintained responsive web pages using HTML, CSS, and JavaScript, ensuring cross-device compatibility and clean user experience.
- Structured and organized technical documentation to improve accessibility and onboarding for new developers.
- Collaborated directly with team members to gather requirements, iterate on designs, and deliver front-end improvements on schedule.

UI/UX Design — Intelligile — Enterprise & Modeling Software

September 2024 – March 2026

- Designed adaptive UX concepts for a semantic, model-driven platform used to create complex enterprise diagrams and artifacts, tailoring interfaces to user expertise and work context.
- Contributed to AI-assisted UX design features, including modeling feedback systems, abstraction guidance, and best-practice suggestion workflows.
- Translated complex methodological requirements into structured, user-centered interface logic, bridging the gap between technical teams and end users.
- Produced interactive UI prototypes in Figma, incorporating creative design suggestions that were reviewed and adopted by the development team.

EDUCATION

Bachelor of Science in Computer Science

October 2024 – Present

Lebanese University, Faculty of Science — Tripoli, Lebanon

TRAININGS & CERTIFICATIONS

UI/UX Design — DOT Lebanon (2026)

- Mastered Figma, design systems, prototyping, full structured case study, design Ui components, auto layouts, and responsive design

AWS re/Start Program — DOT Lebanon (2025)

- Completed intensive cloud computing training covering AWS core services, Linux, networking, and DevOps fundamentals.

Front-End Web Development — GDSC (July – August 2024)

- Built and deployed responsive web applications using HTML, CSS, and JavaScript through project-based learning.

Data Analysis with Power BI — Khawarizme (October 2024)

- Created data dashboards and visualizations using Power BI to support data-driven decision-making.

Microwork & Digital Freelancing — DOT Lebanon (August – October 2024)

- Gained hands-on experience in data labeling, digital microtasks, and online freelancing platforms.

YESS Leadership Program — LASER (September 2022 – October 2023)

- Developed leadership, communication, and teamwork skills through community-based project work spanning 13 months.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, PHP, JavaScript

Web Development: HTML, CSS, JavaScript, Responsive Design

Databases: SQL

Cloud Computing: AWS (re/Start certified)

UI/UX Design: Figma, User-Centered Design, Adaptive UX

Data Visualization: Power BI

Version Control: Git, GitHub

Operating Systems: Linux / Ubuntu

Development Tools: VS Code, IntelliJ IDEA, Android Studio, Canva

LANGUAGES

Arabic: Native

English: Fluent

French: Intermediate
